Password

biotech

Use this log-in name/password
combination to access the site.

Then create your own log-in
and password for future visits.

NHBC is not responsible
for transactions between their members
& their employees and PC Connection.

NH Biotechnology Council has arranged with PC Connection, a national provider of
IT solutions, to offer computing products at a **special discount** to
NH Biotechnology Council members and their employees.*

PC Connection has created a secure ordering area on their Web site where you can search for products,
place secure orders using your credit card, and create an individual log-in name and password.

PC Connection offers more than 100,000 products from 1,400 leading manufacturers of
desktops, laptops, handhelds, monitors, printers, storage, software, computer cases and games.
They also carry personal and home electronics including digital cameras, home theater systems, DVD
players, and TVs.

PC Connection accepts all major credit cards and will ship your orders directly to your office or home.
Overnight delivery is also available.

No sales tax in most states.

*Purchasing products under this program benefits NHBC, its members and employees, by generating a 1% rebate on all sales
that will be used by NHBC to help support our ongoing operations.

You can check out the possibilities by going to

www.it.pccconnection.com

and browse around

PC Connection®
