The mission of the New Hampshire Bio/Medical Council is to promote and grow the biomedical (including biotechnology, life sciences, medical devices and diagnostics) industry in New Hampshire. We provide information and/or assistance to startups and existing companies looking to relocate their operations to New Hampshire. We foster and grow biomedical educational infrastructure and programs. We promote job training activities, increase public awareness, and deliver educational seminars. Finally, we act as a conduit for all Association Members and the biomedical industry at large.

**Conduit for biotechnology, medical device,
and life science professionals.**

Industry Members

Industry Members are corporations, businesses or organizations who are involved in the biomedical industry. Industry Members are approved for membership by the Board of Directors and have voting privileges in the Council.

Affiliate/Education Members

Affiliate/Education Members are organizations & educational institutions with an interest in the biomedical industry. Affiliate organizations can include but are not limited to companies such as law firms, banks, recruiters, public relations firms, construction, governmental, venture capitalists and so on. Educational institutions can include but are not limited to universities, colleges, technical schools, vocational schools, high schools or departments within such schools with an interest in the biomedical industry. The Board of Directors approves Affiliate/Education Members for Membership. Affiliate/Education Members may serve on the NHBC Board of Directors and NHBC committees. They will not have voting privileges in the Council.

Individual Members

Individual Members are any person having an interest in the biomedical industry. The Board of Directors approves Individual Members for Membership. Individual Members may serve on the NHBC Board of Directors and NHBC committees. They will not have voting privileges in the Council.

Student Members

Student Members are any person having an interest in the biomedical industry who is enrolled in an educational institution. The Board of Directors approves Student Members. Student members may serve on NHBC committees. They will not have voting privileges in the Council.
